

2) Information for your Specific Grant Category

Teaching Assistants

We hope you are slowly beginning to feel comfortable in your host cities and schools and that you have made friends inside and outside the school. We just have a few tips for you in this short supplement:

1. **Teaching Assistants with maintenance funding from the Bundesland:** Contact your school authorities first, then Ms. Tajber-Jansen at PAD in case your monthly stipend does not show up in your account. PAD can be reached best by telephone: 0228/501-371 or email: pad.tajber-jansen@kmk.org.
2. **Teaching Assistants with Fulbright maintenance stipends:**
Please note that we transfer your monthly stipend at the beginning of the monthly pay period (usually around the 8th of each month) and for the month ahead. Therefore, the last and slightly prorated installment (for June 7-30) will be transferred in June to cover the remaining grant period. According to your grant authorization no grant will last longer than June 30.
3. Do not hesitate to contact us if you have any questions or need further assistance.
